# Group Critical Illness Insurance

Protection when faced with a critical illness diagnosis

## Think About This

Early detection, improved treatments and access to care are factors that influence cancer survival<sup>†</sup>

Every 40 seconds, someone in the U.S. has a stroke<sup>††</sup>

By 2035, 45.1% of the U.S. population is projected to have some form of CVD<sup>†††</sup>

If you're diagnosed with a critical illness and it keeps you out of work, the impact to your finances can grow quickly. Critical Illness Insurance can help ease your mind so you can focus on getting better.

### Here's How It Works

- Select a benefit and premium amount to meet your needs
- Premiums will be deducted each pay period
- If you're diagnosed with a critical illness, file a claim and receive a lump-sum cash benefit\*

### Protecting Your Finances

You've worked hard for your savings – don't let a critical illness wipe them out.

- Protect your checking and savings
- Don't dip into your 401(k)

### Meeting Your Needs

- Guaranteed Issue coverage, subject to exclusions and limitations\*
- Coverage can include your dependents
- Benefits are paid regardless of any other medical or disability plan coverage
- Coverage may be continued; refer to your certificate for details

# Meet Carlos

## Choose

Carlos signs up for Critical Illness Insurance during his employer's Open Enrollment.

## Use

A few months later, Carlos learns he has a coronary artery disease. Here's his story:

### Wellness Exam

Carlos' doctor detects heart issues during his annual wellness exam

### Diagnosis

After more tests and a visit to a cardiologist, Carlos is diagnosed with coronary artery disease

### Decision

His doctor recommends surgery to remove a blockage and tells Carlos his recovery will take six to eight weeks

### Surgery

Carlos has bypass surgery and is in the hospital for 4 days

### Recovery

Carlos goes home to begin his recovery and has regular doctor visits

## Claim

Carlos files a claim on his Critical Illness coverage through the convenient web portal, **MyBenefits**. He receives a lump-sum cash benefit for:

- Fixed Health Screening Services
- Coronary Artery Bypass Graft

### MyBenefits Claim Filing Portal

[standard.com/ahl/mybenefits](https://standard.com/ahl/mybenefits)

Offers 24/7 access to important information about your benefits. eSign, submit and check your claims (including claim history), request cash benefits to be direct deposited, make changes to personal information, and more.

## Here are some of the ways Carlos can use his cash benefits

### Finances

Can help protect savings, retirement plans and 401(k)s from being depleted

### Travel

Can help pay for expenses while receiving treatment in another city

### Home

Can help pay the mortgage, continue rental payments, or home repairs for after care

### Expenses

Can help pay for his family's living expenses, such as bills, electricity, and gas

The example above details a fictional situation; your individual experience may vary. For a listing of benefits and benefit amounts, see pages 3, 5, and 6.

## Benefit Amounts

The percentages below are based on the Benefit Amount of  
\$10,000 (Plan 1), \$20,000 (Plan 2), \$30,000 (Plan 3), \$40,000 (Plan 4), and \$50,000 (Plan 5) chosen by your employer.

†Covered spouse receives 100% and child(ren) receive 50% of your benefit amount.

## Benefits - Benefits paid upon diagnosis of the following conditions (subject to maximums as listed on page 3)

\*Benefits paid once per covered person.

### Critical Illness Benefits\*

**Heart Attack<sup>†</sup>** - the death of a portion of the heart muscle due to inadequate blood supply. Does not include established (old) myocardial infarction and cardiac arrest

**Stroke<sup>†</sup>** - death of a portion of the brain producing neurological sequelae, including infarction of brain tissue, hemorrhage and embolization from an extra-cranial source. Does not include transient ischemic attacks (TIAs), head injury, chronic cerebrovascular insufficiency or reversible ischemic neurological deficits

**End Stage Renal Failure<sup>†</sup>** - irreversible failure of both kidneys, resulting in peritoneal dialysis or hemodialysis. Does not include renal failure caused by traumatic events, including surgical trauma

**Major Organ Failure<sup>†</sup>** - diagnosis of failure of heart, lungs, liver, pancreas, or kidneys, with placement on National Transplant List or actual surgical transplant. Lungs and kidneys are considered one major organ, regardless of whether one or both lungs or kidneys are transplanted. Does not include bone marrow or stem cell transplant or

donation surgery, and does not pay for mechanical or non-human organs

**Coronary Artery Disease/Coronary Artery Bypass Graft<sup>†</sup>** - surgery to correct narrowing or blockage of one or more coronary arteries or valves due to damage or disease with a bypass graft. Does not include coronary angioplasty, coronary angiography or any other intra-catheter technique procedures

**Transient Ischemic Attack (TIA) or Reversible Ischemic Neurologic Deficit (RIND)<sup>†</sup>** - a temporary or reversible ischemic event where measurable and functional neurological impairment is confined to an arterial area of the brain, there is no evidence of cerebral tissue damage, and reversible functional neurological impairments are confirmed

**Crohn's Disease** - chronic inflammation of the digestive tract. Does not include irritable bowel syndrome or ulcerative colitis

**Invasive Cancer<sup>†</sup>** - malignant tumor with uncontrolled growth, including leukemia and lymphoma. Does not include carcinoma in situ or skin cancer (other than invasive malignant melanoma or metastasized skin malignancies)

**Carcinoma In Situ<sup>†</sup>** - non-invasive cancer, including melanoma that has not invaded the dermis. Does not include other skin malignancies, pre-malignant lesions (such as intraepithelial neoplasia), benign tumors, or polyps

**Waiver of Premium (employee only)** - premiums waived if disabled for 90 consecutive days due to a critical illness for which a benefit is paid

### Cardio Benefits\*

**Sudden Cardiac Arrest** - sudden loss of normal heart function due to malfunction in the electrical system of the heart, resulting in an irregular heart rhythm (must be the primary diagnosis). Does not include a heart attack

**Idiopathic Pulmonary Fibrosis** - lung condition involving scarring and thickening of the lung tissue due to unknown causes. Does not include interstitial pneumonia, sarcoidosis or silicosis

**Pulmonary Embolism** - sudden blockage in a pulmonary artery or branch of pulmonary artery confirmed by an angiogram, ventilation perfusion scan, computerized tomography scan, magnetic resonance imaging or other reliable imaging techniques

**Coronary Artery Disease/Coronary Angioplasty<sup>†, \*\*</sup>** - catheterization performed on damaged or diseased arteries or valves when cardiac function is impaired due to plaques or buildup of fatty deposits on artery walls causing narrowing of the coronary artery, resulting in partial or complete blockage

**Cardiac Valve Disease/Aortic Valve or Mitral Valve Repair or Replacement<sup>\*\*</sup>** - surgical repair or replacement of an aortic valve or mitral valve with a mechanical or bio-prosthetic due to a defect with regurgitation and stenosis. Not paid if a diagnostic cardiac catheterization is performed

**Cardiac Arrhythmia/Internal Cardioverter Defibrillator (ICD) Placement<sup>\*\*</sup>** - placement of an ICD under the skin to detect and correct an

irregular heartbeat due to cardiac arrhythmias. Does not include replacement of existing ICD. Not paid if Heart Attack or Sudden Cardiac Arrest benefit is paid. Not paid if a diagnostic cardiac catheterization is performed

**Cardiac Arrhythmia/Pacemaker Placement<sup>\*\*</sup>** - placement of a pacemaker under the skin to correct an irregular heartbeat due to cardiac arrhythmias. Does not include replacement of existing pacemaker. Not paid if Heart Attack or Sudden Cardiac Arrest benefit is paid. Not paid if a diagnostic cardiac catheterization is performed

### Supplemental Critical Illness Benefits\*

**Advanced Alzheimer's Disease** - must exhibit impaired memory and judgment and be certified unable to perform at least two activities of daily living (ADLs) without adult assistance. ADLs are bathing, dressing, toileting, bladder and bowel continence, transferring and eating

**Advanced Parkinson's Disease** - must exhibit two or more of the following: muscle rigidity, tremor, or bradykinesia (slowness in physical and mental responses); and be certified unable to perform at least two activities of daily living (ADLs) without adult assistance. ADLs are bathing, dressing, toileting, bladder and bowel continence, transferring and eating

**Benign Brain Tumor** - a non-malignant tumor limited to brain, meninges, cranial nerves or pituitary gland. Does not include tumors of the skull or ear canal, cysts, acoustic neuroma, pituitary adenomas less than 10mm, or germinomas

**Coma** - unconscious and not responsive to external stimulation or responsive to internal needs for at least 7 consecutive days. Does not include medically-induced coma, coma resulting from alcohol or drug use, or diagnosis of brain death

**Loss of Hearing** - total and permanent loss of hearing in both ears (cannot be corrected by hearing aid or device)

**Loss of Sight** - total and permanent loss of vision in both eyes

**Loss of Speech** - total and permanent loss of speech or verbal communication (without a medical device)

**Paralysis** - permanent loss of muscle function in two or more limbs due to disease or injury. Does not include loss of muscle function limited to fingers or toes

### Childhood Benefit\*

10 childhood diseases or defects for dependent children are covered. Cerebral Palsy; Cleft Lip or Cleft Palate; Congenital Heart Disease (coarctation of the aorta, hypoplastic left heart syndrome, patent ductus arteriosus, tetralogy of Fallot, or transposition of the great arteries); Cystic Fibrosis;

## Certificate Specifications

### Eligibility

Your employer decides who is eligible for your group during the enrollment period (such as length of service, hours worked each week, eligibility waiting period, if applicable, and evidence of insurability). Issue ages are 18 and over.

### Dependent Eligibility/Termination

Family members eligible for coverage are your spouse and dependent children. Spouse and child coverage ends when your coverage ends, when you request to terminate dependent coverage, when your spouse or children exhaust all benefits under the coverage, or upon your death. Spouse coverage also ends upon valid decree of divorce. Child coverage also ends when the child reaches age 26, unless the child is disabled and dependent on you for support.

### When Coverage Ends

Coverage under the policy and riders ends on the earliest of the following: the date the group policy is terminated; the group policy grace period ends after nonpayment of required premiums; you are no longer actively working for the group policyholder; you or your class are no longer eligible; you submit a written request to terminate the certificate; your death; a false claim is filed; when all benefits have been paid under the policy and riders.

### Continuing Your Coverage

You, your spouse, and your child(ren) may be eligible to continue coverage when coverage under the policy ends. Refer to your Certificate of Insurance for details.

## Exclusions and Limitations

### Conditions and Limits

A diagnosis occurring before your coverage begins is not payable; however, a diagnosis of any covered critical illness after your effective date will be payable. Benefits are subject to all limitations and exclusions. All critical illnesses must meet the definitions and dates of diagnoses stated in the certificate and be diagnosed by a physician while coverage is in effect.

If the first diagnosis of cancer occurs before the effective date of coverage, benefits are paid for a subsequent diagnosis of cancer after the effective date if, after the first diagnosis, the covered person is free of any symptoms and treatment.

### Recurrence of Benefits for a Subsequent Critical Illness

Benefit amounts for a recurrence of a critical illness will be paid if diagnosed with a subsequent critical illness for which a benefit was previously paid if the date of diagnosis, loss, or treatment is separated by 6 months after the previous date of diagnosis, loss, or treatment.

### Exclusions for: Critical Illness Certificate; Fixed Health Screening Services Rider; Skin Cancer Rider; Specified Condition and Infectious Disease Rider

Benefits are not paid for: intentionally self-inflicted injury; substance abuse, including alcohol, alcoholism, legally obtained prescription medication and illegal use of non-prescribed drugs or narcotics; voluntarily taking or using of any drug, medication, narcotic, or controlled substance, unless administered by a physician or taken according to over-the-counter package directions.

We will not pay benefits for conditions diagnosed prior to the effective date of coverage or diagnosed outside of the United States, its territories, or Canada, unless confirmed by a physician in the United States, its territories, or Canada.
